

## Value Added Light Box

▲ Stand alone Light Box Double sided

▲ Cube Light Box Spinning cube

### Table Lighting for Exhibition

- Folder type for super Portability
- Eye-Catching everywhere
- Super easy to replace the graphics
- Recycle without limitation
- Low Heat even with long operation
- No dark area, No light waste, No glare
- Long Life time (50,000Hours)

## LED PCB Module

Product		Voltage	Bar(mm)	Power
For LGP	White LED	12V/24V	468/490	9.4W / 10.1W
	RGB	12V/24V	500	7.2W
For Backlit	Diffuser Lens	24V	460	4W
For Edgelit	Metal PCB	24V	360	14.4W

**Metal-core Diffuser Lens PCB** is very effective for a variety of applications, specifically those involving heat transfers. (CRI : Over 80)

Think about something difference

ECO-Friendly

Energy-Saving

High-Quality

## Parking Guidance System

Parking guidance information system ensures better utilization and cost-effectiveness for car Park management, and reduces strain on traffic. We are major manufacturer for H/W of parking guidance system and co-working with many S/W companies.

### Key Specification

- Out door
- Stand alone, Mounted on the wall / Ceil
- Steel Material
- Custom size
- 1/8 Duty 128~320 Module

### Highlight

- Stylishly Design using LGP backlight
- Cost competitiveness
- High Quality

▲ Total Guide Sign at Entrance

- **Slim and Simple** : Thickness 29mm(1.1") / 60mm (2.4")
- **Light Weight** : Aluminum material
- **BLU** : LED Light Panel

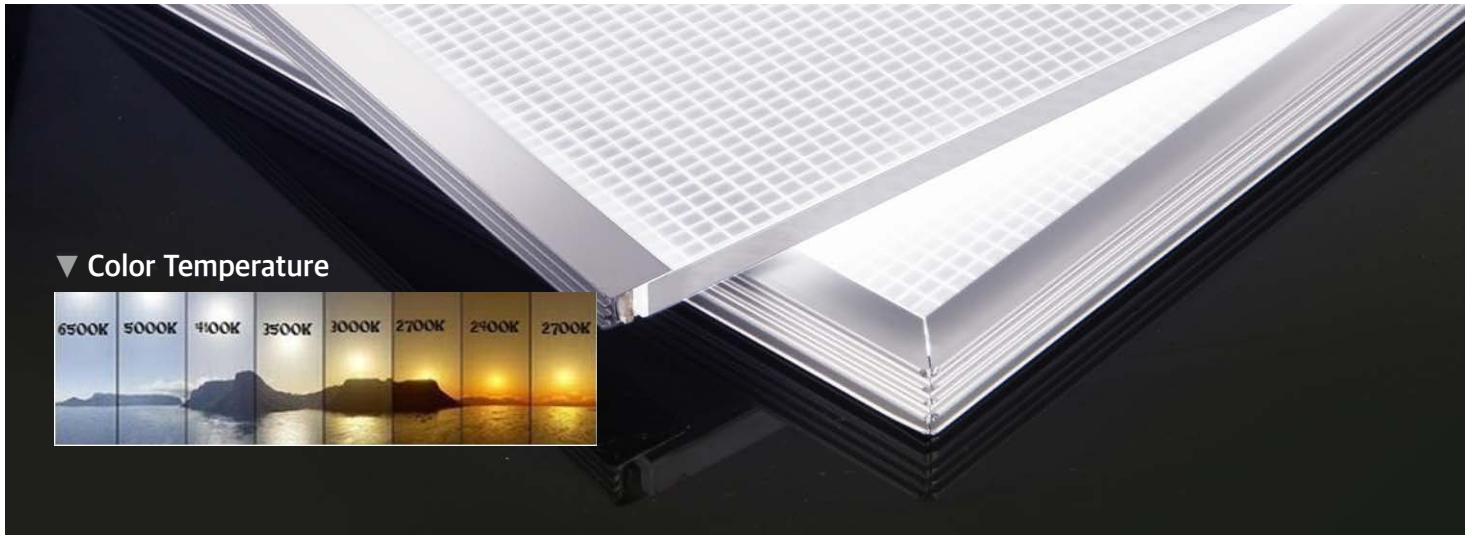

▲ Block Sign Panel

▲ Packing Lamp

## Light Guide Panel (LGP)

Our LGPs are light source for various fields of industry such as Menu boards, wall displays, Lighting, Cosmetic display in department store, display stands and so on.

### Superb Brightness & Uniformity (Max 90%)

- Use 100% New Casting Acrylic Panel
- 3D V-cutting Core technology
- Use self development exclusive optic program

### Long Lifecycle : Over 50,000 hours

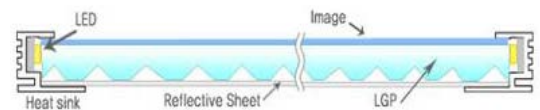

- Advanced Quality control system

### Any Sizes, Any Designs are available

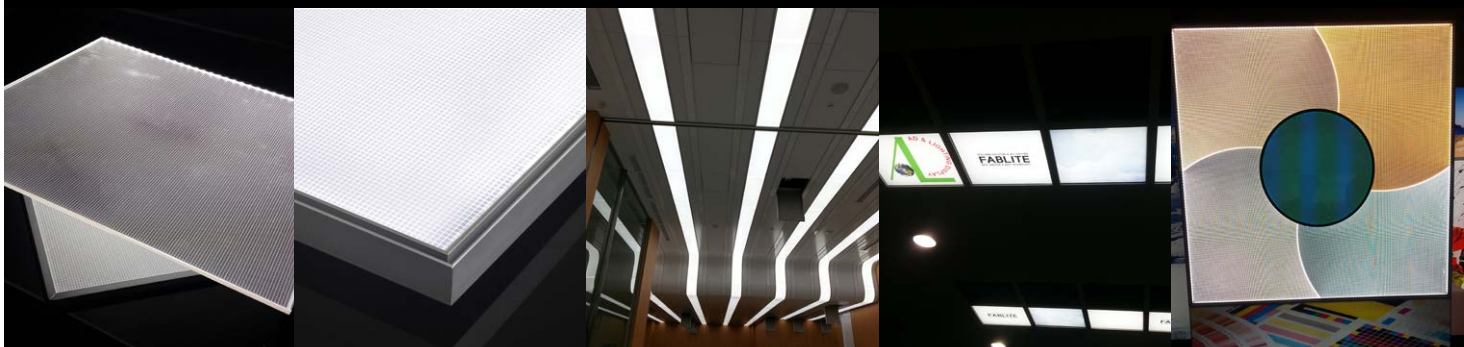

- Size : up to 2000mm (78.7") x 3000mm (118")

### Key Specification

- High CRI : 85
- Acrylic sheet Thickness : 4mm ~ 8mm
- No shade and Low heat even with long operation
- Low power consumption with superior consistent light quality
- Easy installation and maintenance free

## Applications

## PANLite (Snap Frame)

PANLite is a quick and simple way to Stylishly display posters or signs. Signs are attractively presented and It's easy to open and close allowing you to insert or change your signs in a stress free and efficient way. The plastic cover helps to protect the contents from damage, dust and dirt so you can keep your signs, posters, menus and more secure while they're on display.
